

## Guidelines for Basketball Hoops

In the community of Silver Creek of Clay County, we recognize the need for guidelines regarding the safe use and storage of basketball hoops. It is not the intent of this Board to restrict the use of these basketball hoops, but to give written notification of how their continued use shall be permitted within the community.

This Board therefore puts forward the following:

When not in use, all basketball hoops located in a driveway or front portion of a dwelling should be placed at the top of the driveway, or not more than ten (10) feet from the end of the driveway. Basketball hoops may not be left in or on a street, common area, or easement area.

For the safety of those using a basketball hoop and the motorists using our streets, these hoops should not be placed in such a fashion as to allow their use in the streets of this community.

Please keep in mind, each homeowner needs to be considerate of the homeowners around them. Article VI Section 3 ensures the right of each homeowner to "peaceful possession" of their home. Basketball hoops should not be used between the hours of 10:00 pm and 7:00 am.

Should basketball hoops remain in or on our streets, common areas, or easements, this Board will seek legal action to remove them.

# Guidelines for Flags, Banners, and Signs

Adopted by the Board of Directors 3.5.2015

In the community of Silver Creek of Clay County, we recognize the right of each home owner to display the flag of the United States of America according to the Federal "Freedom to Display the American Flag Act of 2005" - Public Law 109-243 109<sup>th</sup> Congress (copy attached). We would respectfully request that each home owner display the flag in a manner befitting its status as a patriotic symbol.

We further recognize the right of each home owner under Florida Statute 720.304 2(a)(b) (copy attached) to display flags as follows:

"(2)(a) Any homeowner may display one portable, removable United States flag or official flag of the State of Florida in a respectful manner, and one portable, removable official flag, in a respectful manner, not larger than 4 1/2 feet by 6 feet, which represents the United States Army, Navy, Air Force, Marine Corps, or Coast Guard, or a POW-MIA flag, regardless of any covenants, restrictions, bylaws, rules, or requirements of the association.

(b) Any homeowner may erect a freestanding flagpole no more than 20 feet high on any portion of the homeowner's real property, regardless of any covenants, restrictions, bylaws, rules, or requirements of the association, if the flagpole does not obstruct sightlines at intersections and is not erected within or upon an easement. The homeowner may further display in a respectful manner from that flagpole, regardless of any covenants, restrictions, bylaws, rules, or requirements of the association, one official United States flag, not larger than 4 1/2 feet by 6 feet, and may additionally display one official flag of the State of Florida or the United States Army, Navy, Air Force, Marines, or Coast Guard, or a POW-MIA flag. Such additional flag must be equal in size to or smaller than the United States flag. The flagpole and display are subject to all building codes, zoning setbacks, and other applicable governmental regulations, including, but not limited to, noise and lighting ordinances in the county or municipality in which the flagpole is erected and all setback and locational criteria contained in the governing documents."

Freestanding flagpoles should not display any flags other than those allowed under Florida Statute 720.304 2(a)(b).

*Barbara Ware 03/05/2015*

In the event a home owner decides to exercise their right to display a flag on a freestanding flag pole, an ARC Request Form should be submitted prior to its installation, showing the location and height of the pole, as well as any associated lighting.

Further, it is recognized that there are various other flags currently within the community representing other states, supporting sports team, and being used as garden ornaments. It is not the intention of this Board to restrict the displaying of these flags, however, we are setting guidelines for how they are displayed. These flags may be displayed on flag poles no larger than four (4) feet in length attached to a dwelling. No more than two (2) poles may be attached to the outside wall of a dwelling. These poles should be located beside garage doors or on pillars outside front doors. Smaller flags, also limited to no more than two (2), may be placed in the garden area adjacent to the dwelling or areas designated as a garden evidenced by mulching and/or bordering.

Upright freestanding banners, may be no higher than six (6) feet in height. Further they need to be restricted to the garden area attached to the dwelling and are limited to one (1) per dwelling.

Our Covenants and Restrictions clearly restrict signs under Article VI, Section 23 (see attached). These Covenants and Restrictions are in direct conflict with Florida Statute 720.304 (6) which states "(a)any parcel owner may display a sign of reasonable size provided by a contractor for security services within ten (10) feet of any entrance to the home." (See attached). We further recognize the necessity to follow the law until such time as we can facilitate changes to our Covenants and Restrictions.
