Under Sections 720.303(2)(c) & 718.112(2)(d) of the Florida Statutes, for an Association to send notices to its Members electronically, the Member must consent in writing to receiving notices from the Association via electronic transmission and must designate an address for that purpose. Allowing the Association to send you notices electronically will help the Association save money by reducing costs associated with mailing physical copies of notices. Accordingly, we ask that you complete and return this form to the above address or community association manager at a meeting. This can be scanned and sent to us via email at contact@prioritymngmt.com.

I/we, the undersigned Owner(s) of property identified below within the Association written below, hereby consent to the Association sending all notices required or permitted to be sent to us as Association Members exclusively via electronic transmission to the email address written below. I/we understand that I/we may revoke the consent given herein by providing written notice to the Association revoking my/our consent and designating an alternative address for the purpose of receiving notice from the Association.
